Re: Special Joint Session School Committee Meeting March 9, 2010, @ 7PM
Notice & Invitation to Attend

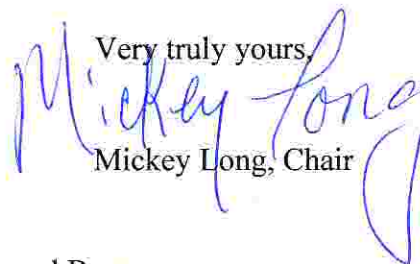

Dear Johnson School Organization:

The Nahant School Committee has unanimously agreed to sponsor a Special Joint Session of all organizations that focus on Johnson Elementary School concerns. The Joint Session's purpose seeks to provide a two- hour informal opportunity and forum by which Members of your organization may exchange thoughts, ideas, or concerns with School Committee Members and the Johnson School Administration.

Accordingly, the School Meeting invites your input at the Special Joint Session, which will be held at the Town Hall, as part of the Regular School Committee Meeting (televised live) on Tuesday, March 9, 2010, starting at 7PM. An agenda will follow shortly. If successful, the School Committee may incorporate this Joint Session as an annual event.

The School Committee looks forward to meeting with the organizations, and thanks each of the individuals who volunteer as Members of these groups for all the important work they perform for our Town's children.

Very truly yours,

Mickey Long, Chair
